SUMMARY OF CALL/VISIT

Left a message on his voice mail to call me

-Mr. Friedman 973-403-3108

He claims no one called him or explained why the charges are so high for only one report.

Client out of business. One partner is 88 years old. The other had a stroke & cannot speak. There is a very limited amount of money available for this project, & he needs it for remediation, not O&M. He must answer to three insurance companies & two clients.

ACTION RECOMMENDED

He wants a letter detailing each line item & what specific task each person did for the time billed.
